Important Changes from Previous Years

- In addition to making a commitment for 2021, you can also request that this be an annual commitment for the two years following – 2022 and 2023
- If you do wish to make a multi-year commitment, you can indicate an annual increase for this commitment

We are in the midst of moving to a new information system, **Realm**, which is not only operationally more efficient, but also provides congregants with desired features (e.g., congregant directory on-line, the ability to see on-line activities in which you are interested, the ability to see your pledge and other payments). As we roll out Realm over the next several months, you will be hearing more. You will be “invited” to update your profile (based on the information transferred from the present system) and establish your privacy settings. Stay tuned.

With this new system, if you wish to pay your pledge by bank draft or credit card, and you wish to set up the payment schedule, you will be required to input your bank or credit card information. This information did not carry over from the old system.

If you want to provide us the information and have the office set up your payment, we will need all the relevant information (complete account number and routing number, or complete credit card number, name on the card, and expiration date).

Our mailbox on Ann Arbor-Saline Road is locked, and only the UUAA office has the keys. If you are uneasy about sending your credit card information through the mail, contact the office (ed@uuaa.org), and we will arrange a work-around
